PERFORMANCE RADAR

TECHNICAL STAFF PERSPECTIVE

COACHING INSIGHT

"He is a goalkeeper with strong footwork, both with the ball on the ground and in volleys and moving balls. He is able to play out with quality even under pressure, whether through long passes or passes between the lines. In aerial play and depth control, he shows great confidence.

In goal defence, he stands out for his agility and correct positioning, both at short and medium range. He has a leadership profile, is very communicative during the match and knows how to command the defensive line, which helps the team stay organised when defending.

Psychologically, he is strong. He knows how to overcome mistakes during the same match and always maintains a positive attitude. Even when he is not playing, he performs well in training and helps his teammates grow. His relationship with the rest of the squad, whether from the same position or not, is always very good."

Miguel Silva – U19 Head Coach, Alverca 2023/24

COACHING INSIGHT

"An imposing and skilful goalkeeper with a strong work ethic and competitive mindset. He gives confidence to the whole team, communicates, organises and brings stability throughout all phases of the game. His agility between the posts and his long kick behind the defensive line are two of his main attributes. He was developed in national competitions and top-level teams, which allows him to face any level of competition at the highest standard."

Diogo Silva – U19 Assistant Coach, Alverca 2023/24
